Special Skills

- Market Research
- Communication

Clients

- VastNed
- KMT
- Depfa Bank
- Natveq
- Citco
- US Department of State (DOS)

Background

Sedef Aslan joined CB Richard Ellis in Turkey in April in 2007 to assist in our Office Agency department. She is responsible for researching the property market in order to locate new office developments for international and national clients. She maintains updated information on existing office developments as well as office developments under construction and in the pipeline. Her responsibilities also include assisting the valuation team in undertaking research for planning and building issues.

Professional Experience

Sedef worked as a stewardess for three years which enabled her to travel extensively throughout the Middle East and Europe. She later transferred to the tourism field and organized archaeological & cultural tours for VIP American and European tourists for twelve years. During this time, she was introduced to property research for tourist arrivals who were interested in leasing or acquiring property in Turkey. Prior to joining the firm, Sedef worked in the leather chemicals sector as an export dealer.

Since joining CB Richard Ellis, Sedef has been involved in office and retail research and has been successfully involved in an office leasing.

Prior Assignments

Since joining CBRE, she has been involved with many market research projects on behalf of clients such as:

- VastNed
- KMT
- Wachovia Bank
- Astellas Turkey
- Depfa Bank
- Bank of Nova Scotia
- Natveq

She has been involved with the office leasing transactions of the following clients:

- KMT
- Satchi & Satchi
- US Department of State
- Chiesi

Professional Qualifications

- Ankara University – Archaeology 1989
- University of Cambridge – Certificate in Advanced English 1991

She is fluent in English.
