For the best and brightest technical talent, CBRE offers a place to build a long-term professional career within a world-class facilities management organization.

More than 90
of the Fortune 100
choose CBRE

WHAT WE DO

CBRE's FM Technical Services teams maintain our clients' facilities, creating comfortable and productive environments for their people to thrive. We do this by guiding and supporting our clients through operations and maintenance management covering the various stages of a building's life cycle.

CBRE employs 20,000+ engineers and technicians globally.

WHERE YOU CAN FIND US

Our clients represent all industries with portfolios spanning various facility types, offering FM career opportunities across diverse geographies and building systems.

- **Facility Types:** Offices and HQs, manufacturing plants, research and development facilities, data centers, retail stores, hospitals and clinics, distribution centers and warehouses

CBRE

ADVANCEMENT OPPORTUNITIES

All employees participate in a comprehensive technician career development program at varying levels, aligning career goals with advancement opportunities. The program includes:

- One-year paid maintenance tech apprenticeships
- 4 General and 9 specialized technical certifications
- Soft skills and technical leadership training
- Career mapping, mentoring and goal setting

Additional Learning and Development Highlights:

- Training available in 30+ languages
- Programs aligned to industry recognized certifications
- Partnerships with RedVector, OSHA, IOSH, IFMA, LEED, Data Center Professionals, RICS and Uptime Elements Reliability Leadership Institute

“The training made available to me has expanded my electronics technician skill set to other areas, like plumbing and HVAC. Leadership Development programs at CBRE University opened the opportunity to become an Alliance Director.”

Tim Schipper
Account Alliance Director
with CBRE since 2010
